

**PROGRESSVEST SDN BHD** was founded on 13 December 2010 and its primary business is providing cost effective total solutions in the area of Information Communication Technology (ICT), Computer Maintenance, networking, CCTV, PABX Keyphone System Systems Integration, ICT Training, Web Hosting, Corporate Video and Multimedia Development, E-Commerce & Online Support Services.

With our clear mission, focus and commitment to growth, **PROGRESSVEST SDN BHD** has emerged today as a player in the field of system integration with a large customer base consisting of corporate, government agencies, SMI business customers and educational institution.

Strong team spirit and dedicated employees are the core factor to our positive company's achievement to date and for future growth.

We deliver business-driven technology solutions that enable our clients to gain competitive advantage, make their businesses more responsive to market opportunities and threats, strengthen relationships with customers, suppliers and partners, improve productivity and reduce information technology costs.

Our business philosophy is simple, "your success our responsibility". It is our responsibility to deliver what our client wanted.

Therefore our business is based on a requirement that our client wanted without compromising the quality of product we supply and as well as cost-effectively meet their needs.

Our quality of product deliverables are also backed by the products we carry for the project implementation. It is made possible by our strategic dealing with our product principals, manufacturers, and authorized distributors and as well as authorized partners.
